XGBoost | Per-image performance | Secondary test (760 images)
Landslide coverage and F2
Per-image F2 (threshold 0.14)
Reference landslide coverage (%)
F2 on images with landslides (n = 446)
Number of images
Per-image F2
False positives on images without landslides (n = 314)
Median = 6 pixels
Number of images
False-positive pixels per image
